1. Please find below, in a Question and Answer (Q&A) format, the answer to a question raised to the UNGSC regarding the above-noted ITB.

Q1) With reference to the items listed in Lot 1 to Lot 7 and Lot 9, please indicate:
   - Make and model of the engine;
   - Code number /make and model of the spare parts, as per manufacturer’s catalogue (not as per PSB #).
   This information is essential to understand exactly which product is described, as the sole indication “gasket” or “valve” is not sufficient.

A1) The UNGSC is not able to provide additional details other than the ones already included in the Appendix 1 to Annex A – Lot List.

Furthermore, Bidders are reminded that, as per ITB’s paragraph 1.4, the goods are being sold on “as-is, where-is” basis, and without recourse or warranties of any kind, either express or implied, including warranties of quality, roadworthiness, merchantability or fitness for a particular purpose. The UNGSC does not warrant compliance with asset description or declared weight of the item (i.e. discrepancies may exist due to the weight of the packaging).

All Bidders are encouraged to attend the non-mandatory Site Visit, as per ITB’s paragraph 3, in order to inspect the items on sale.

2. We thank you for your attention and look forward to receiving your offer.
